

MIAMI VALLEY
Women's Center

Mission:

The Miami Valley Women's Center is an organization that

- Values life
- Supports families and
- Demonstrates Christ's love

Lives Touched in 2013:

Provided pregnancy services and abstinence programs to over 8,000 women, men and teens
 Scanned 658 clients with ultrasound and 593 (9 out of 10) chose life
 Delivered services to over 1,510 new clients
 41 clients accepted Christ and 20 recommitted their lives to Christ
 Educated and mentored over 300 women with mothering and infant care skills
 Equipped 91 young men how to be great dads and build stable families
 Empowered over 4,200 students to choose abstinence through public school partnerships
 Introduced over 2,000 local university students to MVWC life saving services

MIAMI VALLEY WOMEN'S CENTER

PROGRAMS

The Miami Valley Women's Center is a life-affirming organization that strengthens families by responding to their physical, emotional, spiritual and social needs regarding pregnancy related concerns, abstinence education and post abortion recovery. All services are provided free of charge.

MEDICAL SERVICES

Pregnancy Testing - The MVWC is licensed as a pregnancy testing lab by the State of Ohio under the Ohio Department of Health/CLIA.

Ultrasound - This powerful tool for women and their partners allows them an opportunity to see the intricate development of their unborn child.

Journey of Hope - Medical expertise and emotional support are available for parents of unborn babies who have been diagnosed with fatal birth defects.

CARELINE

Crisis intervention and/or appointment scheduling available 24 hours a day / 7 days a week.

CRISIS EDUCATION

Trained client advocates provide initial crisis intervention, factual education about fetal development, risks of abortion procedures and alternative options, needs assessment, and ongoing emotional support for women and their partners. Adoption is presented as a loving option.

ABORTION RECOVERY

One-on-one support offers hope, healing and restoration in a confidential and compassionate environment for those who have personally experienced or been affected by abortion. This ministry also seeks to provide awareness and education to the community about the reality of abortion and its aftereffects through networking with local schools, churches and area agencies.

MAKING OUTSTANDING MOTHERS (MOM'S) & EARN AS YOU LEARN

This ministry provides unique incentive programs designed to build relationships and encourage responsibility. Emphasis is placed on making good decisions, goal setting, parenting skills, and relationship issues.

GROUP SUPPORT

Small groups offer friendship, practical help, hope and encouragement to pregnant women and new moms. Additional support groups for miscarriage/ infant loss are offered.

CLASSES

Childbirth Classes - Licensed instructors provide education on prenatal development, exercise, and preparation for labor and delivery.

Infant Baby Care Classes - Educational classes are designed to instruct expectant mothers how to perform basic techniques of newborn baby care in an informal and fun setting.

ABSTINENCE EDUCATION

Worth Waiting For-Through the partnership of the Miami Valley Women's Center and Dayton Christian Schools, the Miami Valley's first peer abstinence program was formed in 1991. Dayton Christian High School students educate and entertain as many as 5,000 area teens each year. The goal of the group is to encourage young people to save sex for marriage and experience the benefits of sexual purity.

ABSTINENCE EDUCATION MENTORING GROUPS

G.I.F.T. *G*iving *I*nsight, *F*riendship, *T*ruth - Our in-school mentoring program for eighth grade girls is offered at ten area schools. The value and uniqueness of each girl is stressed in an environment where they feel loved, accepted, and encouraged to choose abstinence.

S.T.A.R.S. *S*elf *R*espect, *T*ruth, *A*ccountability, *R*esponsibility, *S*uccess - This after school club for junior high girls in Xenia and Cedarville promotes abstinence, character development and healthy relationships.

D.R.E.A.M.

*D*aring to *R*ealize *E*very *A*ction *M*atters

This ministry educates healthy relationship building to women by taking a holistic approach to sexuality: emotional, physical, social, intellectual, and spiritual. Young women are equipped to believe their pasts do not have to determine their futures.

MINISTRY TO MEN

This ministry challenges men involved in crisis pregnancies to step forward and claim their responsibilities as providers and protectors. Through Dad's one-on-one mentoring, men are encouraged to become effective fathers by providing them with "tools" and instilling confidence; they are then able to take on the challenge and responsibility of fatherhood. Our Men's Ministry Director and male volunteers have met with over 436 men in the last year. Additionally, post abortive support allows restoration of a man's relationship with God, himself, and others.

EVANGELISM & DISCIPLESHIP

This ministry exists to introduce our clients to the unconditional love of their Savior, Jesus Christ. Specific outreach evangelism opportunities, such as the client retreat and the Christmas Adopt-A-Family are planned to bring women to the knowledge of who Jesus is, His precious gift of salvation, and His plan and purpose for their lives. Group Bible study and one-on-one discipleship relationships provide emotional support and an atmosphere of trust and love where women feel comfortable sharing their lives and their struggles. Through applying biblical principles to everyday living, they are learning how to develop God honoring relationships in every aspect of their lives.
